Education Technology

Oct 10, 7-8:30PM, Searingtown School

Is there such a thing as a fun and educational website or app? Yes there is!
Come to learn about the free tech resources, provided at no cost, at your child's school. And many more that you can access for free or at little cost.

Oct 29, 7-8:30PM Searingtown School

Come to talk to college representatives about:

-How to highlight your child's strengths on a college application.
-How to build independent living skills to live away on campus
-How to access the services offered by the colleges

Open to **Everyone**

We are a strong group of parents, teachers, staff, and administrators who work together to support students of all abilities.

HERRICKS SEPTA

Every Child. One Voice

The annual dinner is our most memorable even of the year. It is a time we come together to celebrate our students' successes, and the hard work of teachers and staff who helped them achieve that success.

Learning for Everyone

Be Informed

We sponsor workshops and speakers on topics that can help parents better understand aspects of special education. Topics include diagnoses and treatments, how to write an IEP or 504 plan, and understand parents' rights under IDEA law.

WHY SEPTA?

Our kids are facing unique challenges that will impact their ability to be successful. There are many changes in the field of education. And there are questions to be asked and our kids need to have a voice at that table. Parents, teachers, and administrations need work together to advocate for what is important for our students' education. So, the next time someone asks 'Why SEPTA?"

Answer "Why not SEPTA!"

What do We Do?

We are a local chapter of the New York State PTA that advocates for instructions, services or programs to meet the unique needs of students of different abilities. Our goal is to ensure these students' access to a fair and equitable education.

Support Each Other

We provide a safe and confidential space for families to come together and speak on issues that concern their children, share experiences, and meet others who are in similar circumstances.

We are a collective voice not only for one child, but for all children.

Our hope is that children receiving special education services will be understood, integrated, and embraced by schools and their community.

Who Do We Support?

Every child and parent in the Herricks school district. We bring awareness and information about special education services, educational laws and community support for students and parents. From early childhood to post-secondary education.
