# **IMPORTANT FACTORS TO CONSIDER** **IN HIGH SCHOOL**

**Academics**

**Extracurricular Involvement**

**Character**

**Balance**

**Overall Social-Emotional Wellness**

# **THE IMPORTANCE OF CAREFULLY SELECTING ACADEMIC CLASSES**

- **Students should be enrolled in the most challenging program in which they can be successful**
- **Students should challenge themselves and consider taking at least one AP level class before graduation**
- **Remember: All grades earned become part of your transcript or permanent academic record.**
- **Remember: Quality vs. Quantity is key**
- **Seek advisement from teachers and your counselor when selecting classes**

# GRADUATION REQUIREMENTS

- **English** - 4 Credits
- **Social Studies** - 4 Credits
- **Mathematics** - 3 Credits
- **Science** - 3 Credits
  - Must include one life science and one lab science
- **World Languages (WL)** - 1 Credit
  - At HHS, it is our policy that students fulfill 3 years of language and pass the Checkpoint B Exam.
- **Physical Education** - 2 Credits (over 4 years)
- **Art, Music, and/or Theater** - 1 Credit
- **Health** - ½ Credit
- **Electives** - 3½ Credits

**TOTAL CREDITS NEEDED: 22**

# **DIPLOMA TYPES**

## **Regents Diploma With Advanced Designation**

### **Honors Designation**

### **Mastery in Math and/or Science**

- 3 - Math
- 2 - Science (1 life science, 1 physical science)
- 2 - Social Studies
- 1 - English
- 1 - FLACS B Assessment (2 additional credits in WL with FLACS B)

## **Regents Diploma**

- 1 - Math
- 1 - Science
- 1 - Social Studies
- 1 - English
- 1 - Pathway Assessment in the Humanities or STEM or Career Tech or the Arts

### High School Scheduling Meeting

Name:

### Required 9th Grade Courses:

- English:
  - Social Studies:
  - Math:
  - Science:
  - Personal Fitness/ Science Lab
  - World Language:
  - Art or Music:
  - 1 Credit Elective Choice or academic support:
  - Lunch
- Orientation Programs:**
- April 22nd – Step Up Program –Presentation from HS Counselors– 7:00 PM @HS
  - June – High School Orientation

### Graduation Requirements

Students Must Pass and Complete:

- 4 Years of English
- 4 Years of Social Studies
- 3 Years of Science
- 3 Years of World Language
- 1 Year of Art or Music
- ½ Year of Health Education
- 4 Years of Physical Education

### Totaling 22 Credits

### Required Regents Exams:

- English Language Arts (11th)
- Algebra, Geometry, and Alg. 2
- Global History (10th) or U.S. History (11th)
- Living Environment, Earth Science or Physics or Chemistry
- World Language Checkpoint A in 8th and Checkpoint B in 10th

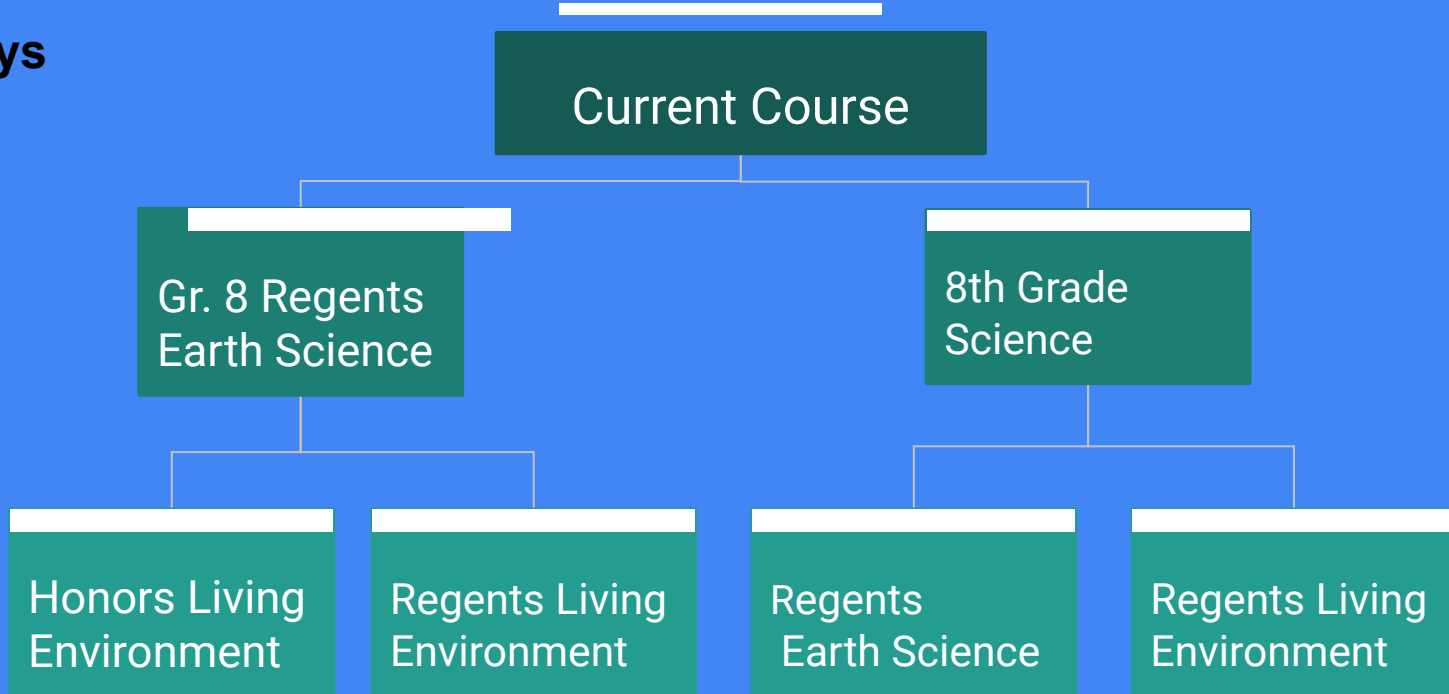

The background of the slide features a soft-focus image of laboratory glassware. In the lower-left corner, there is a petri dish containing a blue liquid with a small dark object inside. Above it, another petri dish is partially visible, and a white test tube lies horizontally. The overall scene is set against a light, neutral background with a subtle grid pattern.

# Social Studies

## Grade 9

**Required Course List:** Students must take the following course:

**World History 9 = 1 Credit**

Part one in a two year study of the major themes and movements that have shaped our world, World History 9 covers the first civilizations to 1750. Special attention is paid to the cultivation of advanced reading, writing and research skills.

### **Elective Course List:**

Students may take as many of the following courses as they please:

- **Advanced Placement Human Geography = 1 Credit**
- **Independent Research I , II and III = ½ Credit per course**
- **Model United Nations/Int'l Studies I, II & III = ½ Credit per course**
- **News Literacy = ½ Credit**
- **Philosophy I (Intro to Philosophy)= ½ Credit**
- **Philosophy II (Intermediate Philosophy)= ½ credit**
- **Racial Literacy in Society = ½ Credit**
- **History Through Film = ½ Credit**
- **World History Through Film= ½ Credit**
- **World History Workshop = ½ Credit**

## **Elective Course Descriptions**

### **Advanced Placement Human Geography – 1 credit**

•Global Population explosion ... legitimate cause for concern or mere hype? This is just one of many controversies you will investigate in this AP course as we explore shifting patterns of population and demographics, economics, cities, cultural differences and exchange, gender, language, religion and ethnicity as they impact the world today. In this "geography" course maps are just the starting point! This is the course that helps you understand how, where and why the world works the way it does right now.

### **Independent Research I = ½ Credit**

### **Independent Research II = ½ Credit**

•Independently-driven research that prepares you for research competitions, all while earning Honors credit. Student research is based on student interest and may even culminate in internships. Students also meet guest speakers with real-world experiences in volunteer work and research in the social sciences! It's an excellent way to improve the writing and analytical skills that colleges demand.

### **Model United Nations/International Studies I = ½ Credit**

### **Model United Nations/International Studies II = ½ Credit**

•Students who enjoy debating will love this opportunity to research, prepare for and participate in simulated proceedings (contemporary, historical and even fictional!) of the United Nations and other international institutions. In Semester 1, preparation culminates in 2 off campus conferences held on college campuses some as far away as Canada. Semester 2 involves attending 1 college conference and the creation of our very own Model UN Conference. *Note: there is an average cost of \$350/off campus conference for transportation, accommodations and fees. Students can enroll in up to two courses per year and will also receive honors credit on their transcript.*

## **News Literacy= ½ Credit**

•In a time when we are constantly being bombarded with information, many find it difficult to judge the reliability and credibility of news sources. This course is designed to give students the skills to think critically about the news presented to them through print, television, and online sources. This course is offered with support of the News Literacy Program at Stony Brook University. *Note: Students who wish to receive 3 college credits through SUNY Stony Brook can enroll with the University at a cost of \$300. The credits are transferable to any SUNY school.*

## **Philosophy I (Introduction to Philosophy) = ½ Credit**

## **Philosophy II (Intermediate Philosophy) = ½ Credit**

•Stressed out by school? Feel busy all the time? If so, sign up for Philosophy I to help restore a balance to your life while discussing the most fundamental questions confronting humanity including *Who am I? Who do I want to become? What is the point of life? Does God exist? What is happiness?* If you are curious about yourself and these essential questions, then this seminar-based course is a perfect fit! Philosophy II allows students to continue exploring many of the philosophical topics that have fascinated people since the dawn of time, including the true nature of humans, morality, and happiness, but to name a few. As with Introduction to Philosophy, students will be encouraged to apply many of the teaching to their lives in order to create positive change. Please note that Introduction to Philosophy is a prerequisite for Intermediate Philosophy

### **Racial Literacy in Society = ½ Credit**

•The practice of racial literacy means to hear and appreciate diverse and unfamiliar experiences, recognize how to ask questions, view racial issues through a critical lens that recognizes current aspects of racism and engage in challenging conversation. In this class students are taught to hear and appreciate diverse and unfamiliar experiences, facilitate problem-solving, and create opportunities to discuss race issues.

### **History Through Film = ½ Credit**

•If you love movies, then this course is for you! History Through Film is a unique and exciting way to explore historical topics such as war, race, politics and power. Popcorn optional!

### **World History Workshop = ½ Credit**

•This class is designed to help those who may want or need extra support to do better in Social Studies. Assistance will be directed toward the improvement of reading, writing and other important critical thinking skills. This class is highly recommended for those students who have not had previous success in Social Studies.

# The Departments of World Languages & Language Immersion

## “Monolingualism can be cured”

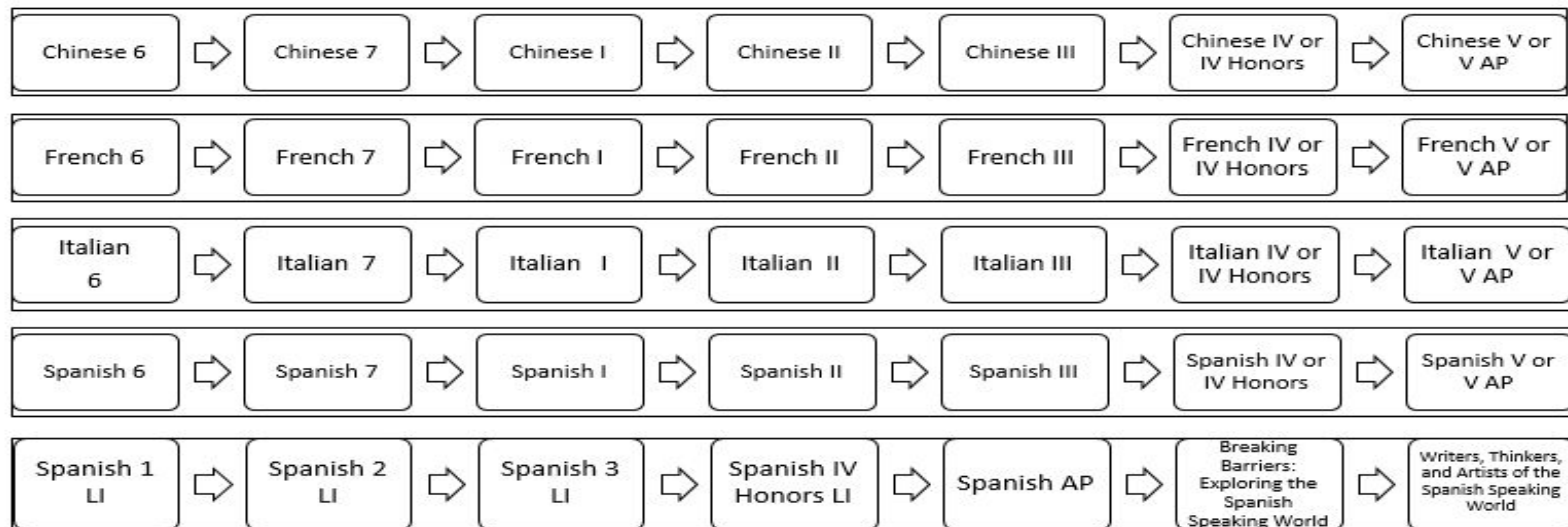

Our work over the years:

- 21<sup>st</sup> Century Skills: Critical Thinking & Problem Solving, Collaboration, Communication, & Creativity & Innovation
- Interdisciplinary approach
- Foster tolerance, global awareness and an international perspective to prepare students for an interdependent world
- Student self reflection through *Can Do Statements*
- The 5 C's and the Modes of Communication
- Digital Portfolios
- Integrated Performance Assessments
- NYS Seal of Biliteracy

## 2023-2024 World Language Sequence

"Monolingualism Can Be Cured"

Please note the following:

- All students, with rare exceptions, must successfully complete a language sequence up to Language III and pass a Checkpoint B assessment
- Language 6, 7, and I (grade 8) are offered at HMS.
- Language II, III, IV, IV H, V, V AP are offered at HHS. Spanish I is offered at HHS for new entrants to the district, with no prior language experience, or for those that wish to study an additional language.
- Spanish LI courses are for those students in the Spanish language Immersion Program or by placement by the Director.
- Juniors, Seniors, and LI Students may opt to take courses at the IV, V, IV Honors, and V AP level for college credit through Stony Brook University.
- The NYS Seal of Biliteracy is available to Seniors who meet the criteria and are enrolled in a grade 12 WL course.

## CONTINUUM OF SPECIAL SERVICES FOR STUDENTS RECEIVING SPECIAL EDUCATION

# Transition Process to the High School

- Visit the 8<sup>th</sup> grade teachers - January
- Present at the HS parent orientation -January
- Chair each CSE meeting for 8<sup>th</sup> graders – January and February
- 8<sup>th</sup> graders take a trip to the High School - June
- Middle School and High School Student Service Departments hold articulation meetings
- Students attend the Bagels and Locks in August to run through their schedule and learn more about the clubs

The **Shelter Rock Academy** opened in the 2004-2005 academic year.

- ★ The program was developed to help support a population of fragile students whose success was dependent on an alternative setting rather than the traditional classroom.

- ★ Our approach was one that aimed to build student self-esteem with positive experiences and focused counseling.

★ The students and staff focus on community involvement and collaborative efforts.

★ We promote academic independence by pursuing students' interests and implementing them into the curriculum.

★ Through all of this, attention is given to individual needs as well as the importance of being part of a community.

# How We Operate:

- ★ The Shelter Rock Academy is a general education program that offers all of the core classes necessary for a Regents Diploma.
- ★ Counseling is an integral part of the Shelter Rock Academy and is provided as an additional support to all students.
- ★ These sessions are designed to increase students' self-esteem, develop better ways of coping with frustration, and create a better sense of self worth.
- ★ Additional services are provided as needed such as Academic Intervention Services, Special Education, etc...

# Academy Student Profile

## Academy Students are/have:

- **Average to above average intelligence**
- **On track for a Regents or Advanced Regents Diploma**
- **A difficult time in a traditional MS/HS setting**
- **In need of an emotionally nurturing environment**
- **In need of flexibility to be who they are**

**WE LOOK FORWARD SEEING YOU ON WEDNESDAY, MARCH 22, 2023 WHERE OUR FOCUS WILL BE ...**

## **BEYOND ACADEMICS**

**Getting involved in high school helps students to feel more connected. It is also a great way for students to discover new passions and think about their future. Remember your extracurricular activities should focus on quality over quantity! Below is a list of activities for students to consider:**

- **Clubs**
- **Sports**
- **After-School Sports/Activities in the Community**
- **Long term research opportunities**
- **Community Service**
- **Summer Internships**
- **Employment**
- **Guidance Secretary**

**Keep a record of everything by adding it to your Activity Sheet**
